

Meet the Dean

HKAA Girl's Dorm Dean

KAT MA

PGDE Hong Kong University

Ms. Ma was born in Hong Kong and has been serving as the Girl's Dorm Dean since.....

Ms. Ma enjoys seeing the dorm students call this place their second home.

She also loves to invite residents to come into her home to cook together and enjoy delicious food. Especially, the 7 day boarders that don't have an opportunity to go home on the weekends.

Ms. Ma earned her degree from Walla Walla University in Washington State USA and finished her PGDE at Hong Kong University. She has been working in education in different capacities for the past 20 years.

She loves witnessing the students make friends that last a lifetime, and seeing a change in character as they learn and grow in this safe and caring Christian environment.

She says "residents of the dormitory will learn to be independent, and manage their time and study in a routine lifestyle". Dorm students will learn important life skills, as well as live and respect one another with different family and culture backgrounds.
